Slow Down **Hoobastank**

[Intro] G

[Verse 1] G Em (X4)
Sometimes I forget to breathe
Life can be overwhelming
Always pushing and pullin' me
Away from what really matters

[Refrain] G Em (X2)
And I keep forgetting to remind myself
I keep forgetting to remind myself
I keep forgetting to remind myself

[Chorus] C Em G A (X2) | C
Slow down, no one ever said this journey was a race
What's the hurry?
Slow down, I'll go anywhere I want at my own pace
Without a worry, I've gotta slow down

[Interlude] G Em

[Verse 2] G Em (X4)
It's never easy letting go
When the feeling is so familiar
Of always being in control
Maybe it's an illusion

[Chorus] C Em G A (X2) | C
Slow down, no one ever said this journey was a race
What's the hurry?
Slow down, I'll go anywhere I want at my own pace
Without a worry

[Bridge] C Em G A (X2)
Slow down, let go now, slow down
Slow down, let go now, slow down

[Interlude] Bm G F#7 A G

[Outro] Bm G F#7 A G (X6) | Bm...
I hope that it's not too late
'Cause everything's all a blur
On and on
On and on

I hope that it's not too late
'Cause everything's all a blur
On and on
On and on
